• Search by **Index**

• Select company

• Click **Company Financials**

• Select **Standardized**
Finding Historical Quarterly Financials using Mergent Online

ITOM 2308 Information Systems for Management

Online Resources
- Mergent Online
  To find 'net revenue' data for a company, type the company name or ticker in the search box. Select company from the auto-fill menu or click Go and select company name from the list. Click on 'Company Financials' tab. Choose quarter from the drop-down menu. Change 'Balance Sheet to Income Statement' and select the desired number of years/quarters. Change 'As Reported' to 'Standardized' to view all four quarters. Click 'Refresh'. Download the page into Excel to clean up data.

- 10-year Nominal Treasury Rates
  Published by the Federal Reserve System of the United States. From this page, scroll down to find 'Treasury Constant Maturities' and next to the '10-year' line, click on the 'Monthly' link to download an Excel sheet with interest rates. The data goes back to 1953.

- Gross Domestic Product
  Published by the U.S. Department of Commerce, Bureau of Economic Analysis. For quarterly seasonally adjusted GDP data, click the 'Domestic Product and Income' box. Click on the 'Table 1.1.5 Gross Domestic Product' link. Choose 'Options' from the right and select the start year. Click update. Download into Excel or view as a chart.

- Personal Income and Its Disposition
  Published by the U.S. Department of Commerce, Bureau of Economic Analysis. For quarterly personal income data, click the 'Personal Income and Outlays' box. Click on...
